IN THE HON'BLE HIGH COURT OF CHHATTISGARH AT BILASPUR

WRIT PETITION (C) NO.: 5062 / 2025

PETITIONER : Career College of Nursing

VERSUS

RESPONDENTS : State of Chhattisgarh & Ors.

REPLY ON BEHALF OF THE RESPONDENT /STATE.

1. That, the petitioner has filed the instant writ petition against arbitrary, manifestly illegal recovery order dated 09.04.2025 issued by respondent no. 05 against the petitioner college, directing recovery of a sum of Rs. 7,79,210/- towards alleged deficit clinical fees for the academic sessions 2018 to 2024-25 and has prayed for the following reliefs:-

> *"10.1 That, this Hon'ble Court may be kind enough in issuing a writ in the nature of mandamus, certiorari or likewise any other appropriate writ, order or commands, commanding and, quash the order dated 09.04.2025 issued by Respondent No. 05 and the subsequent direction dated 02.07.2025 issued by respondent no. 02 (ANNEXURE P/2), as unsustainable in the eyes of law.*

OATH COMMISSIONER Vishwajeet Khanvilkar BILASPUR DISTRICT

> *10.2 That, this Hon'ble Court may be kind enough in issuing a writ in the nature of mandamus, certiorari or likewise any other appropriate writ, order or commands, commanding and*

directing respondents to place complete records of the present case related to the petitioner college.

10.3 That, this Hon'ble Court may be kind enough in issuing a writ in the nature of mandamus, certiorari or likewise any other appropriate writ, order or commands, commanding and directing respondents to issue a clarification regarding the notification dated 13.11.2017 and direct them to take Clinical Fees according to the admitted student in college as per respective year.

10.4 Any other relief, That, this Hon'ble Court may be kind enough in issuing a writ in the nature of mandamus, certiorari or likewise any other appropriate writ, order or commands, commanding and directing the respondents which the Hon'ble Court deems fit and proper looking to the facts and circumstances of the case, may also be granted."

2. The brief case of the petitioner is that petitioner is a Private Nursing College running in the name and style as mentioned in the cause title of the present writ petition. and as duly approved by the Chhattisgarh Nurses Registration Council for the academic years from 2017-18 till date for conducting B.Sc. Nursing, M.Sc. Nursing and GNM Courses,

with intake capacity as prescribed by the State Government at the relevant point of time.

3. It is further submitted by the petitioner that the illegal recovery order dated 09.04.2025, passed by respondent no. 05 against the petitioner-college, directing recovery of a sum of Rs. 7,79,210/- towards alleged deficit clinical fees for the academic sessions 2018 to 2024-25. The said recovery has been has been arbitrarily calculated on the basis sanctioned seats allotted by the State Government rather than on the basis of seats actually filled in the petitioner-college after the counselling process conducted by the Directorate of Medical Education.

4. It is further submitted by the petitioner that the State Government determines the intake capacity, whereas the actual admissions are finalized only after the counselling process, wherein students exercise their option of choosing a particular college. Whereas as per para 5B of the guidelines dated 13.11.2017, a sum of Rs. 200/- per seat per student per batch per year is required to be deposited annually with the Rogi Kalyan Samiti/Swawasi Samiti/ Jeevandeep Samiti as per serial no. 13 of the said guidelines, which states that the tenure of the course is treated on a yearly basis. "*However, pursuant to the guidelines of the State Government notification in the year 2021, all nursing courses are now divided on a semester basis*." Earlier nursing colleges used to pay yearly clinical fees to the State Government which reflects itself from the order of the State Government dated 15.07.2024, now they are compelled to pay on a semester basis, which effectively doubles the burden and demonstrates that nursing college are

already paying more clinical fees to the State Government.

5. It is further submitted that the order dated 02.09.2025 passed by respondent no. 2 / Commissioner, in blatant contravention of the guidelines dated 13.11.2017 which directs all the private nursing colleges in the State of Chhattisgarh to deposit clinical fees calculated on the basis of sanctioned seats rather than seats actually filled through counselling.

6. At the outset, of the answering respondent of the averments and contention made by the petitioner are vehemently denied.

7. It is respectfully submitted by the answering respondent that private nursing institution / colleges used to get permission to get registered from Department of Medical Education as per order dated 13.11.2017 issued by Department of Medical Education. As per clause :-

> 5(A) of the guideline every private nursing institutions has to pay security deposit of Rs. 5 Lakh with Rogi Kalyan Samiti/Swawasi Samiti/ Jeevandeep Samiti, which is returnable to them after passing of 3 years without interest in case of non- running of the institution.

> 5(B) concerned private nursing colleges has to pay the permission fees of Rs. 200 for training of the students per seat, per month, per batch, per student, per year is to be paid as one time payment in the

account of Rogi Kalyan Samiti/Swasasi Samiti/ Jeevandeep Samiti. The copy of the order dated 13.11.2017 has already been filed by the petitioner in the present writ petition as Annexure P/5. From the perusal of which it is very clear that for every session for example 1st year, 2nd year the private nursing colleges has to pay Rs. 200 for every session.

8. It is also pertinent to mention here that the college are to operated as per guidelines issued to open B.Sc (N) college of nursing dated 20.04.2018 in which it is mention under clinical facilities that the college of nursing should have 100 beded parent hospital in which the ratio of student and beds secured for patient should be maintained in 1:3 ratio, it means per college has to reserve the seats for their students for the specific courses for the year and as per seats reserved for the college charges is to be pay by them.

9. It is also pertinent to mentioned here that the State has no concern with the seats as whether the seats has been filled by the nursing colleges or not as the Hospital beds has already been reserved for the students for their training and education purposes as per the guidelines and orders that has been issued with regard to the running of the colleges. The copy of the guideline dated 20.04.2018 is filed annexed here with as **ANNEXURE R/1.**

10. It is further submitted by the answering respondent that as the permission for the seats is fixed in colleges for session and the beds for students training are allotted as per guideline and on the basis approved confirmed by the State Government fixes training

fees of Rs. 200 seats for students as per the numbers of seat reserved in the colleges.

11. It is respectfully further submitted that the Department of Medical Education vide the letter dated 18.07.2024 had granted permission to the petitioner college for running the college as per the new curriculum. According to which the Days / Months has been fixed for different years students and as per first year / 1st year B.Sc nursing students the duration for their training has been fixed for 3 Months / 480 hours / 96 days. And the same has been fixed for 2nd, 3rd & 4th year students, whereas the petitioner has wrongly interpreted that the training fees of Rs. 200 has been charged on them for a year and as per petitioner submission the same cannot be taken for those student who are repeating in the same semester for the next year. But as the training fees of Rs. 200 has been charged for the purpose of training of the students have treating the patients/examining patients. Therefore, the fees is not for any semester but is for reserving the beds as per seat already been allotted in the colleges for providing practical training to the students of nursing. Thus there is no illegality or arbitrariness in charging the training fees from the students as they have already been reserved for the students of the petitioner college and which cannot be transfer to any other college for the period of the permission that has been granted to petition private nursing colleges. It can also be discussed through an example that once any building has been given on rent to any person then the person has to pay the rent for the said building whether that person is using that building or not. The copy of letter dated 18.07.2024 issued by

OATH COMMISSIONER
Vishwajeet Khanvilkar
BILASPUR DISTRICT

Department of Medical Education is marked and annexed here with as **ANNEXURE R/2**.

12. Thus, the submission by the petitioner that the State Government are wrongly or with malafide intention are obtaining fees from the private nursing colleges in the name of training fees are vehemently denied as the seats has already been fixed for each and every nursing colleges which cannot be change and the training fees has been calculated as per the norms that was issued vide order dated 13.11.2017 (P/5) which is Annexure P/5 in the petition.

13. That, pursuant to the submissions made herein above, that the answering respondents have adequately answered the contentions so raised in the instant writ petition and therefore are refraining themselves from filing of para-wise reply at this stage. However, they would seek to reserve liberty in their favour to do the same if so directed by the Hon'ble Court or if need so arise.

14. In light of the above made submission made by the answering respondent the petition is liable to be dismissed at threshold.

An affidavit in support of this reply is being annexed herewith.
